

CARLISLE'S AUTHORIZED APPLICATORS MARKETING ANNOUNCEMENT

PVC-2016-01

6"-wide Sure-Flex™ PVC Yellow Safety Warning Strip

February 4, 2016

To: Carlisle SynTec Systems' Authorized Applicators

Carlisle SynTec Systems is pleased to introduce its new 6"-wide Sure-Flex PVC Yellow Safety Warning Strip. Packaged two rolls per carton, 6"-wide Sure-Flex PVC Yellow Safety Warning Strip is more cost effective and easier to install than the previous 12"-wide version.

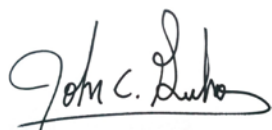

Old Product Code	Old Description	Old Lineal Feet/Carton	<u>NEW</u> Product Code	<u>NEW</u> Description	<u>NEW</u> Lineal Feet/Carton
322980	Yellow PVC Safety Warning Strip 12" x 150' (1/CT)	150	326180	Yellow PVC Safety Warning Strip 6" x 150' (2/CT)	300

Note: During installation, applicators must ensure that PVC Membrane Cleaner does not come into contact with the top surface of the Yellow Safety Warning Strip, as the cleaner will remove the yellow coating.

Existing inventory of the 12"-wide product will be shipped until stock is depleted, at which time 12"-wide PVC Yellow Safety Warning Strip will be discontinued.

If you have any questions, or for more information, please contact your Carlisle Manufacturer's Representative.

Sincerely,

John C. Greko
PVC Product Manager
